

Erratum

Phylogenetic relationships of aquatic birnaviruses based on deduced amino acid sequences of genome segment A cDNA

S. Blake et al.

Dis Aquat Org 45: 89–102, 2001

- On page 97, Fig. 3 contained errors. The corrected figure is shown here, together with the legend, which is unchanged

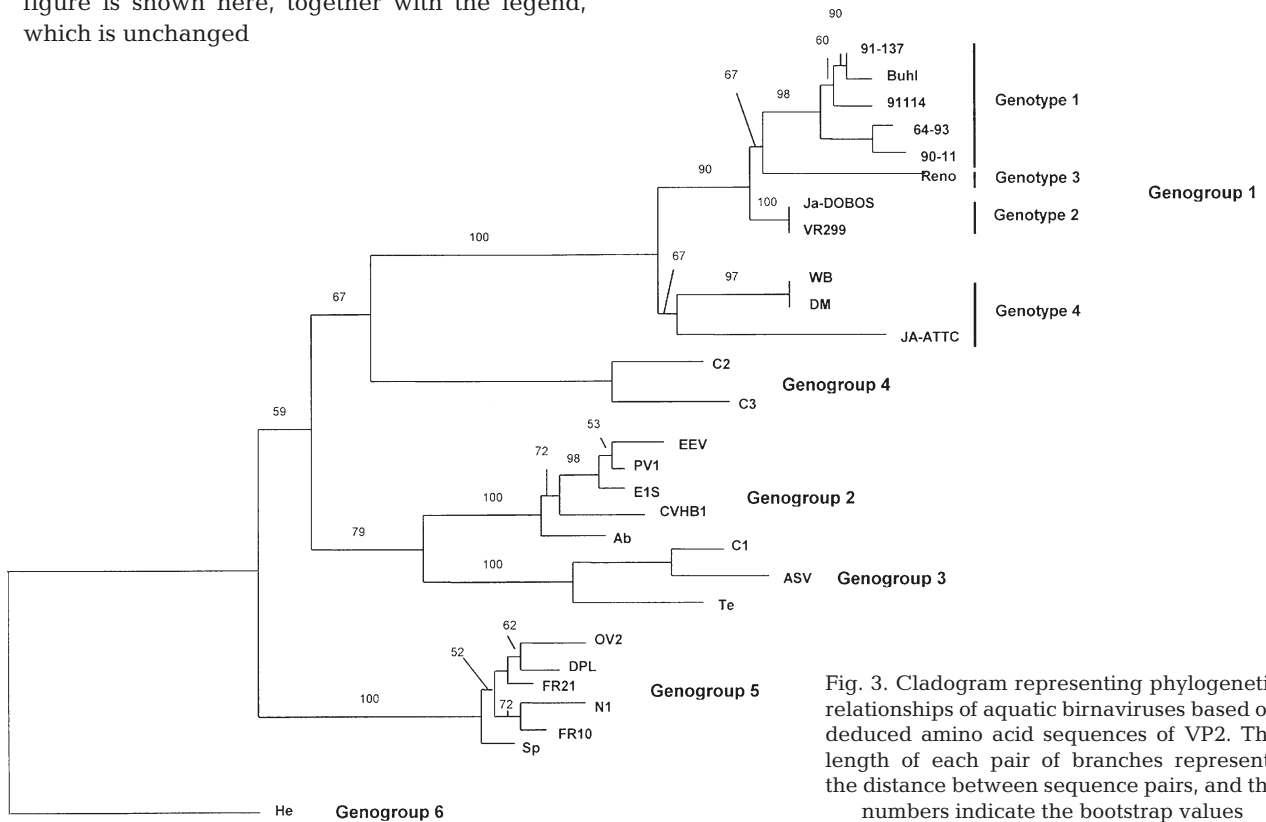

Fig. 3. Cladogram representing phylogenetic relationships of aquatic birnaviruses based on deduced amino acid sequences of VP2. The length of each pair of branches represents the distance between sequence pairs, and the numbers indicate the bootstrap values
