In Figs. 2A & 4, the units of hydrogen peroxide production were incorrectly given as nmol min^{-1} . The correct units are $\text{nmol ml}^{-1} \text{min}^{-1}$.

In Fig. 3B, the units for hydrogen peroxide production were incorrectly given as $\text{pmol min}^{-1} \mu\text{g-carbon}^{-1}$. The correct units are $\text{nmol min}^{-1} \mu\text{g-carbon}^{-1}$.

In Fig. 5B, the units for hydrogen peroxide production were incorrectly given as $\text{nmol min}^{-1} \mu\text{g-carbon}^{-1}$. The correct units are $\mu\text{mol min}^{-1} \mu\text{g-carbon}^{-1}$.
