

COMBINED AUTHOR AND TITLE INDEX

(Volumes 61 to 70, 2004–2006)

A

- Aas-Eng A, see Shivappa RB et al. (2004) 61:23–32
- Abollo E, Novoa B, Figueras A (2005) SSU rDNA analysis of *Kudoa rosenbuschi* (Myxosporea) from the Argentinean hake *Merluccius hubbsi*. 64:135–139
- Abraham M, see Azad IS et al. (2005) 63:113–118
- Adams A, see McCarthy Ú et al. (2005) 64:107–119
- Adams A, see Morris DJ et al. (2005) 66:221–226
- Adams AM, see Golléty C et al. (2005) 65:69–74
- Adams MB, see Morrison RN et al. (2005) 66:135–144
- Adriano EA, Arana S, Cordeiro NS (2005) Histology, ultrastructure and prevalence of *Henneguya piaractus* (Myxosporea) infecting the gills of *Piaractus mesopotamicus* (Characidae) cultivated in Brazil. 64:229–235
- Aeby GS, see Work TM (2006) 70:155–160
- Aguirre-Guzmán G, Ascencio F, Saulnier D (2005) Pathogenicity of *Vibrio penaeicida* for white shrimp *Litopenaeus vannamei*: a cysteine protease-like exotoxin as a virulence factor. 67:201–207
- Agustí C, see Aznar FJ et al. (2005) 67:239–247
- Ahrens P, see Einer-Jensen K et al. (2005) 67:39–45
- Alavandi SV, see Vijayan KK et al. (2005) 63:107–111
- Alcorn S, Murray AL, Pascho RJ, Varney J (2005) A cohabitation challenge to compare the efficacies of vaccines for bacterial kidney disease (BKD) in chinook salmon *Oncorhynchus tshawytscha*. 63:151–160
- Alday-Sanz V, see Escobedo-Bonilla CM et al. (2006) 68:181–188
- Alfaro-Shigueto J, see Van Bresse MF et al. (2006) 68:149–165
- Ali SA, see Azad IS et al. (2005) 63:113–118
- Alker AP, see Kim K et al. (2006) 69:95–99
- Allen EJ, see Drew A et al. (2006) 68:245–250
- Allen LJS, see Drew A et al. (2006) 68:245–250
- Alonso M, see Rodríguez S et al. (2005) 67:183–190
- Alonso MC, see Rodríguez JM et al. (2006) 69:175–183
- Álvarez F, see Paramá A et al. (2004) 62:97–102
- Álvarez MF, Aragort W, Leiro JM, Sanmartín ML (2006) Macroparasites of five species of ray (genus *Raja*) on the northwest coast of Spain. 70:93–100
- Alvarez MF, see Aragort W et al. (2005) 65:63–68
- Alvarez-Pellitero P, Quiroga MI, Sitjà-Bobadilla A, Redondo MJ, Palenzuela O, Padrós F, Vázquez S, Nieto JM (2004) *Cryptosporidium scopthalmi* n. sp. (Apicomplexa: Cryptosporidiidae) from cultured turbot *Scophthalmus maximus*. Light and electron microscope description and histopathological study. 62:133–145
- An EJ, see Do JW et al. (2005) 64:193–200
- Anas A, Paul S, Jayaprakash NS, Philip R, Bright Singh IS (2005) Antimicrobial activity of chitosan against vibrios from freshwater prawn *Macrobrachium rosenbergii* larval rearing systems. 67:177–179
- Anas A, see Jayaprakash NS et al. (2005) 68:39–45
- Andersen B, see Gustafson LL et al. (2005) 65:167–176
- Andree KB, see Arkush KD et al. (2005) 63:139–149
- Antoniadou C, see Rayyan A et al. (2006) 70:251–254
- Aoki M, Kondo M, Kawai K, Oshima SI (2005) Experimental bath infection with *Flavobacterium psychrophilum*, inducing typical signs of rainbow trout *Oncorhynchus mykiss* fry syndrome. 67:73–79
- Aoki T, see Supungul P et al. (2004) 61:123–135
- Aragort W, Alvarez MF, Leiro JL, Sanmartín ML (2005) Blood protozoans in elasmobranchs of the family Rajidae from Galicia (NW Spain). 65:63–68
- Aragort W, see Álvarez MF et al. (2006) 70:93–100
- Arana S, see Adriano EA et al. (2005) 64:229–235
- Aranguren F, see Nunan LM et al. (2004) 62:255–264
- Archakunakorn S, see Sritunyalucksana K et al. (2005) 63:89–94
- Arias CR, see Welker TL et al. (2005) 63:129–138
- Arie B, see Stewart JE et al. (2004) 62:197–204
- Arkush KD, McBride AM, Mendonca HL, Okihiro MS, Andree KB, Marshall S, Henriquez V, Hedrick RP (2005) Genetic characterization and experimental pathogenesis of *Piscirickettsia salmonis* isolated from white seabass *Atractoscion nobilis*. 63:139–149
- Arkush KD, Mendonca HL, McBride AM, Yun S, McDowell TS, Hedrick RP (2006) Effects of temperature on infectivity and of commercial freezing on survival of the North American strain of viral hemorrhagic septicemia virus (VHSV). 69:145–151
- Arkush KD, see Mendonca HL (2004) 61:187–197
- Arrighi S, see Bosi G et al. (2005) 64:45–51
- Arzul I, see Garcia C et al. (2006) 70:193–199
- Ascencio F, see Aguirre-Guzmán G et al. (2005) 67:201–207
- Assavalapsakul W, Tirasophon W, Panyim S (2005) Antiserum to the gp116 glycoprotein of yellow head virus neutralizes infectivity in primary lymphoid organ cells of *Penaeus monodon*. 63:85–88
- Athanassopoulou F, Karagouni E, Dotsika E, Ragias V, Tavla J, Christofiloyanis P, Vatsos I (2004) Efficacy and toxicity of orally administrated anti-coccidial drugs for innovative treatments of *Myxobolus* sp. infection in *Puntazzo puntazzo*. 62:217–226
- Atkinson RJA, see Small HJ et al. (2006) 69:185–195
- Atkinson SD, see Hallett SL et al. (2005) 65:137–152
- Atkinson SD, see Hallett SL et al. (2006) 69:213–225
- Audemard C, Sajus MC, Barnaud A, Sautour B, Sauriau PG, Berthe FJC (2004) Infection dynamics of *Marteilia refringens* in flat oyster *Ostrea edulis* and copepod *Paracartia grani* in a claire pond of Marennes-Oléron Bay. 61:103–111
- Audoorn L, see Escobedo-Bonilla CM et al. (2006) 68:181–188
