

COMBINED AUTHOR AND TITLE INDEX

(Volumes 81 to 90, 2008–2010)

A

- Abdel-Baki AS, Sakran T, Fayed H, Zayed E (2010) Ultrastructural characteristics and histological impacts of *Myxobolus naffari* (Myxozoa: Myxosporae) infecting Nile labeo *Labeo niloticus* (Osteichthyes: Cichlidae). 90: 207–213
- Abhilash KS, see Alavandi SV et al. (2008) 81:163–171
- AboElkhair M, Siah A, Clark KF, McKenna P, Pariseau J, Greenwood SJ, Berthe FCJ, Cepica A (2009) Reverse transcriptase activity associated with haemic neoplasia in the soft-shell clam *Mya arenaria*. 84:57–63
- Adams JD, see Burdett Hart L et al. (2010) 90:105–112
- Adroher FJ, see Malagón D et al. (2009) 85:217–223
- Adroher FJ, see Malagón D et al. (2010) 90:129–134
- Aguayo R, see Barrionuevo JS et al. (2008) 82:161–163
- Aguilar A, see Bressemer FM et al. (2009) 86:143–157
- Ahrens P, see Johansson T et al. (2009) 86:213–221
- Aieta AE, Oliveira K (2009) Distribution, prevalence, and intensity of the swim bladder parasite *Anguillicola crassus* in New England and eastern Canada. 84:229–235
- Alavandi SV, Babu TD, Abhilash KS, Vijayan KK, Kalaimani N, Santiago TC (2008) Loose shell syndrome of farmed *Penaeus monodon* in India is caused by a filterable agent. 81:163–171
- Alfaro ME, see Waltzek TB et al. (2009) 84:179–194
- Alford RA, see Harris RN et al. (2008) 83:11–16
- Alford RA, see North S (2008) 81:177–188
- Allam B, see Ford SE et al. (2008) 83:159–168
- Allen B, see Ní Chualáin C et al. (2008) 83:59–66
- Aller-Gancedo JM, see Fregeneda-Grandes JM et al. (2008) 83:17–22
- Almela R, see Marín P et al. (2008) 82:231–236
- Altıntaş C, Ogut H (2010) Monthly occurrence and prevalence of viral haemorrhagic septicaemia virus (VHSV) in whiting *Merlangius merlangus*. 88:107–113
- Álvarez-Pellitero P, see Bermúdez R et al. (2010) 89:209–221
- Álvarez-Pellitero P, see Palenzuela O et al. (2009) 86:123–134
- Amundsen T, see Barber I et al. (2008) 83:145–152
- Anderson IG, see Moody NJG et al. (2009) 87:151–160
- Anderson SA, see Smith PJ et al. (2009) 86:163–167
- Andrade TPD, see Muller IC et al. (2010) 88:91–98
- Andras JP, see Page CA et al. (2009) 87:135–150
- Anthony SL, Page CA, Bourne DG, Willis BL (2008) Newly characterized distinct phases of the coral disease ‘atramentous necrosis’ on the Great Barrier Reef. 81:255–259
- Applegate LJ, see Elliott DG et al. (2009) 84:139–150
- Aramburu A, see Borteiro C et al. (2009) 84:159–162
- Arán J, see Palenzuela O et al. (2009) 86:123–134
- Araya MT, see Mateo DR et al. (2009) 86:253–262
- Arbela M, Sierra E, Esperón F, Watanabe TTN, Bellière EN, Espinosa de los Monteros A, Fernández A (2010) Herpesvirus infection with severe lymphoid necrosis affecting a beaked whale stranded in the Canary Islands. 89:261–264
- Arboleda MDM, Reichardt WT (2010) *Vibrio* sp. causing *Porites* ulcerative white spot disease. 90:93–104
- Archer L, see Nollens HH et al. (2010) 90:113–120
- Ariel E, Kielgast J, Svart HE, Larsen K, Tapiovaara H, Bang Jensen B, Holopainen R (2009) Ranavirus in wild edible frogs *Pelophylax* kl. *esculentus* in Denmark. 85:7–14
- Ariel E, see Bang Jensen B et al. (2008) 83:169–179
- Ariel E, see Gadd T et al. (2010) 88:189–198
- Arsenault G, see Lovy J et al. (2009) 86:235–243
- Arzul I, Gagnaire B, Bond C, Chollet B, Morga B, Ferrand S, Robert M, Renault T (2009) Effects of temperature and salinity on the survival of *Bonamia ostreae*, a parasite infecting flat oysters *Ostrea edulis*. 85:67–75
- Arzul I, see Narcisi V et al. (2010) 89:79–85
- Assavalapsakul W, Chinnirunvong W, Panyim S (2009) Application of YHV-protease dsRNA for protection and therapeutic treatment against yellow head virus infection in *Litopenaeus vannamei*. 84:167–171
- Atkinson SD, see Székely Cs et al. (2009) 85:147–155
- Audemard C, see Gast RJ et al. (2008) 81:219–229
- Aunsmo A, Bruheim T, Sandberg M, Skjerve E, Romstad S, Larssen RB (2008) Methods for investigating patterns of mortality and quantifying cause-specific mortality in sea-farmed Atlantic salmon *Salmo salar*. 81:99–107
- Avendaño-Herrera R (2008) Simultaneous evaluation of four PCR primer sets for the diagnosis of *Streptococcus phocae* infection. 82:217–222
- Avendaño-Herrera R, see Godoy MG et al. (2010) 90:25–30
- Azevedo C, Casal G, Garcia P, Matos P, Teles-Grilo L, Matos E (2009) Ultrastructural and phylogenetic data of *Chloromyxum riorajum* sp. nov. (Myxozoa), a parasite of the stingray *Rioraja agassizii* in Southern Brazil. 85:41–51
- Aznar FJ, see Van Bressemer MF et al. (2009) 85:225–237

B

- Babu R, see Sittidilokratna N et al. (2009) 84:195–200
- Babu TD, see Alavandi SV et al. (2008) 81:163–171
- Baek THJ, see Yang HJ et al. (2009) 86:9–13
- Bain N, see McBeath AJA et al. (2009) 87:161–169
- Baker DM, see Page CA et al. (2009) 87:135–150
- Baker DM, see Rypien KL (2009) 86:1–7
- Baker JR, see Van Bressemer MF et al. (2009) 85:225–237
- Bakhrouf A, see Ben Kahla-Nakbi A et al. (2009) 86:21–28
- Balasundaram C, see Harikrishnan R et al. (2010) 88:45–54
- Balazs GH, see dos Santos RG et al. (2010) 89:87–95
- Baldwin CA, see Bryan LK et al. (2009) 84:89–94
- Baljer G, see Prenger-Berninghoff E et al. (2008) 81:65–71
- Balseiro A, Dalton KP, del Cerro A, Marquez I, Cunningham AA, Parra F, Prieto JM, Casais R (2009) Pathology, isolation and molecular characterisation of a ranavirus from the common midwife toad *Alytes obstetricans* on the Iberian

- Peninsula. 84:95–104
- Balseiro P, Montes J, Conchas RF, Novoa B, Figueras A (2010) Comparison of diagnostic techniques to detect the clam pathogen *Perkinsus olseni*. 90:143–151
- Bang Jensen B, Ersbøll AK, Ariel E (2008) Susceptibility of pike *Esox lucius* to a panel of *Ranavirus* isolates. 83:169–179
- Bang Jensen B, see Ariel E et al. (2009) 85:7–14
- Banning JL, see Harris RN et al. (2008) 83:11–16
- Baptistotte C, see dos Santos RG et al. (2010) 89:87–95
- Barber I, Davies AJ, Ironside JE, Forsgren E, Amundsen T (2008) First record of a *Kabatana* sp. microsporidium infecting fish in the Atlantic Ocean. 83:145–152
- Barracco MA, see Sabry RC et al. (2010) 88:13–23
- Barrett T, see Bressemer FM et al. (2009) 86:143–157
- Barrionuevo JS, Aguayo R, Lavilla EO (2008) First record of chytridiomycosis in Bolivia (*Rhinella quechua*; Anura: Bufonidae). 82:161–163
- Barthasson DL, see Mazzoni R et al. (2009) 86:181–191
- Bartholomew JL, see Bjork SJ (2009) 86:29–37
- Bartholomew JL, see Hallett SL (2009) 86:39–50
- Basic A, Schachner O, Bilic I, Hess M (2009) Phylogenetic analysis of spring viraemia of carp virus isolates from Austria indicates the existence of at least two subgroups within genogroup Id. 85:31–40
- Basti D, Bricknell I, Hoyt K, Chang ES, Halteman W, Bouchard D (2010) Factors affecting post-capture survivability of lobster *Homarus americanus*. 90:153–166
- Bateman K, see Rodríguez F et al. (2008) 81:231–240
- Bateman KS, see Wheeler RW et al. (2009) 84:25–33
- Bates AE, Hilton BJ, Harley CDG (2009) Effects of temperature, season and locality on wasting disease in the key-stone predatory sea star *Pisaster ochraceus*. 86:245–251
- Batts W, see Johansson T et al. (2009) 86:213–221
- Batts WN, see Polinski MP et al. (2010) 90:15–23
- Baumgartner WA, Hawke JP, Bowles K, Varner PW, Hasson KW (2009) Primary diagnosis and surveillance of white spot syndrome virus in wild and farmed crawfish (*Procambarus clarkii*, *P. zonangulus*) in Louisiana, USA. 85:15–22
- Baya A, see Jacobs JM et al. (2009) 87:183–197
- Bayón A, see Marín P et al. (2008) 82:231–236
- Bean TP, see Small HJ et al. (2010) 88:127–141
- Bebak J, see Draghi A II et al. (2010) 89:39–49
- Beck M, Evans R, Feist SW, Stebbing P, Longshaw M, Harris E (2008) *Anisakis simplex* sensu lato associated with red vent syndrome in wild adult Atlantic salmon *Salmo salar* in England and Wales. 82:61–65
- Behringer DC, see Kiryu Y et al. (2009) 84:237–242
