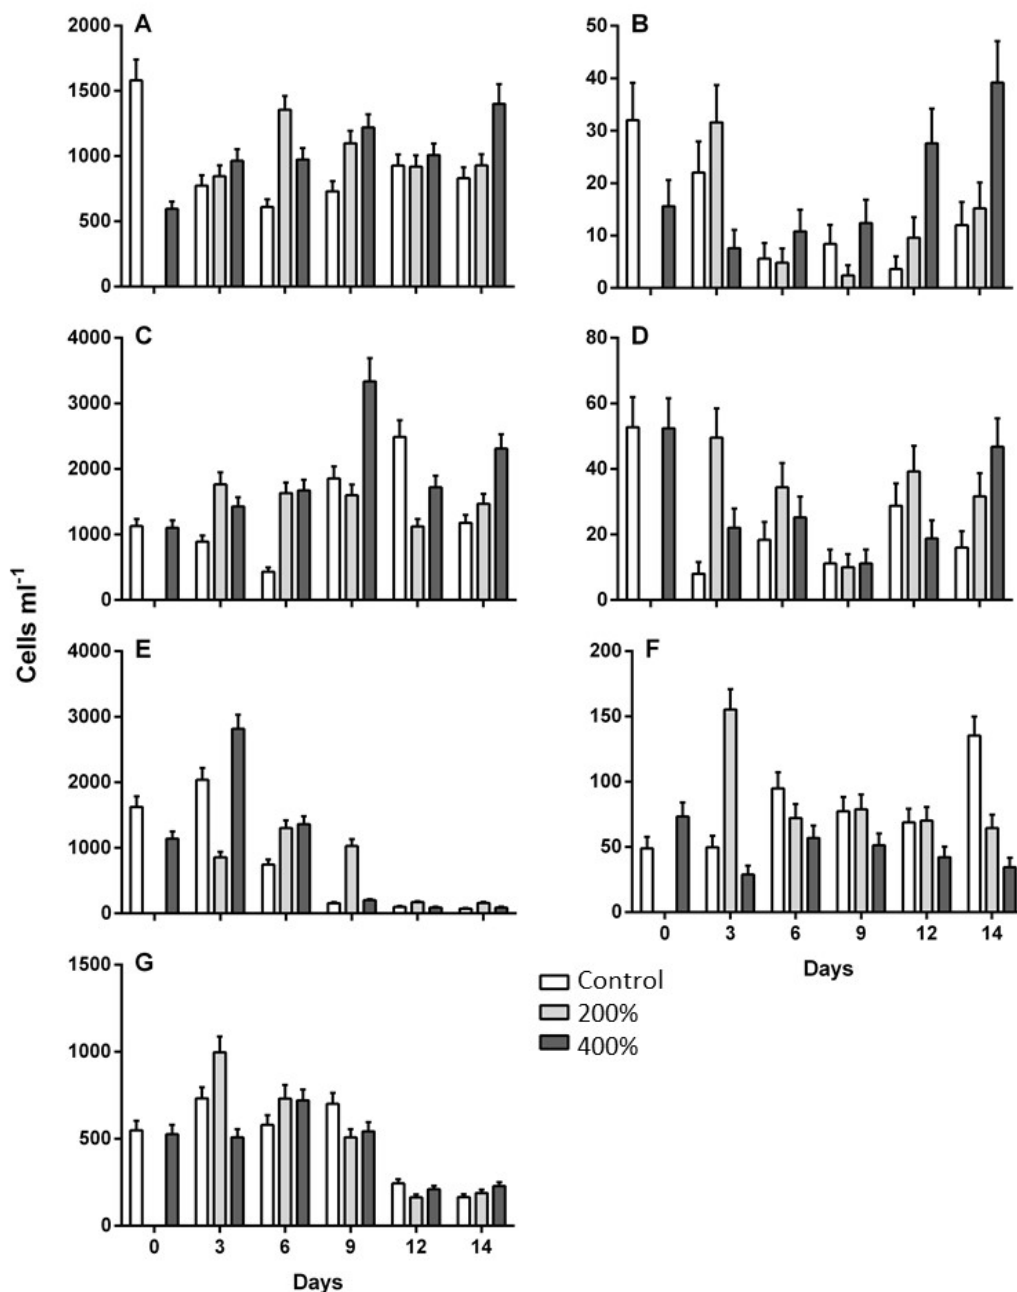

Fig. S1. Changes in abundance of the diatom species *Nitzschia longissima* (A), *Bacillaria paxillifera* var. *tumidala* (B), *Nitzschia frigida* (C), *Entomoneis paludosa* var. *hyperborea* (D), unidentified pennate diatom (E), *Gyrosigma/Pleurosigma* sp. (F), and *Thalassiosira* sp. (G) over the study period. Error bars indicate precision of the counting.
